

### **Mangled by a Saw.**

Russellville, Ky., Dec. 24.—Charles Reed, a workman at Harris' sawmill, in Robertson county, met with a fatal accident Saturday evening. He was endeavoring to adjust a belt when his foot got caught at the great toe by the saw and the member was ripped open to the ankle bone. He then fell and the saw teeth caught his arms, severing them both from his body and lacerating him terribly. The man died a few hours later, after suffering untold agonies.
