Dear Distant Cousin,

I was so surprised by your call that I forgot to ask a key question, "How in the world did you locate me?"

At one time and another I have know members of the twelve families. Many of them lived in Saskatchewan when I was growing up. and later my husband and I made a few trips to Tennessee and Kentucky where we met many delightful folks. When I look through the charts I am saddened to realize how few contacts we have now.

I hope this scanty information will help you to become acquainted with family members, by internet I presume,

Sincerely,

Jean Gibson  
nie Mc. Cundon.
